

REQUALIFICATION OF AN ANCIENT CLOISTER

LOCATION: Miglionico (MT)
 CLIENT: Edilportale
 ARCHITECTURAL DESIGNERS: Francesco Fulvi, Simona Bernardoni, Silvia Fecci, Marco Mosconi, Michele Sbarsi
 COLLABORATOR: Carla Latorre
 DATES AND PLANNING: 2012 - Ideas Competition

The Renovation of the Former Friary in Miglionico (Matera) has the intent to restore life to a disused building complex. This friary is an historical landmark and architectural heritage for the town and the neighboring municipalities. The design looks for new functions compatible with the architectural quality of the complex and make it a center of attraction for locals and tourists.
